## Instructions

1. Measure your counters roughly and make a simple sketch. It doesn't need to be exact at this point. Measure along the back of the counters. When you place an order, a tech will come to your hour for a template.

2. Indicate the location of required cutouts, such as sinks, cooktops, slide-in ranges, etc. If you would like a backsplash, indicate the location.

3. Type of backsplash

4" backsplash    No backsplash    4" below tile

4. Cooking unit type

Free-standing    Drop-in    Slide-in

5. Include the removal of existing counters, plumbing disconnect and reconnect

Yes    No

6. Include stainless steel undermount sink

Yes    No
